### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Amy E. L. Schoenhard on 13 August 2007.

The application has been amended as follows:

in claim 4, the phrase "A) and the copolymers" on line 2 has been replaced with --A) and copolymers--,

in claim 4, the phrase "higher than" on line 5 has been replaced with --of--,

in claim 6, the phrase "with the copolymers" on line 11 has been replaced with --with copolymers--,

in claim 6, the phrase "higher than" on line 13 has been replaced with --of--,

in claim 18, the phrase "with the copolymers" on lines 10-11 has been replaced with --with copolymers--, and

in claim 18, the phrase "higher than" on line 13 has been replaced with --of--.

2. The following is an examiner's statement of reasons for allowance.

The invention of claim 1 is directed to an article consisting essentially of layers A) and B), as recited in the claim, wherein the adhesion between the layers is higher than 10 N/mm.

Art Unit: 1773

Layer A) consists of the recited copolymers of ethylene with CTFE and/or TFE and acrylic and layer B) consists on a polyamide having an -NH<sub>2</sub> end group in the range of 40-300 µeq/g, with each layer optionally containing the recited additives.

Abusleme et al. represent the closest prior art. However, Abusleme et al., taken alone or in combination with Stoeppelmann and/or Krause et al. do not teach or fairly suggest the article as claimed having the claimed degree of adhesion between the recited layers. The reasons for allowance of independent claims 6 and 18 have been put forth in a prior Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
